

The screenshot displays the Roundcube Webmail interface. At the top, the page title is "Page 1 Roundcube Webmail :: Inbox" with the URL https://mail.postbox.net.nz/mail/?_task=mail&_mbox=INBOX. The interface features a dark sidebar on the left with icons for home, compose, mail, contacts, settings, and help. The main content area shows the "Inbox" folder selected, with a search bar and a list of actions: Reply, Reply all, Forward, Delete, Mark, and More. The inbox is currently empty, displaying the message "The list is empty." and a large 3D egg icon. A callout box with a yellow background and a red arrow points to the settings cog icon in the sidebar, containing the text "Log in then click Options / Settings Cog" and a circled number "1". At the bottom, a pagination bar shows "Mailbox is empty" and a page number "1".

The screenshot shows the 'Settings' page in Roundcube Webmail. On the left is a vertical sidebar with icons for various settings: a person icon, a pencil icon, an envelope icon, a group of people icon, a gear icon, a speech bubble icon, a funnel icon, a clock icon, a lock icon, a question mark icon, and a power icon. The main content area is titled 'Settings' and contains a list of menu items: 'Preferences', 'Folders', 'Identities', 'Responses', 'Filters', 'Out of Office', and 'Password'. A yellow callout box with the text 'Click Identities' and a circled '1' has an arrow pointing to the 'Identities' menu item. To the right of the callout is a large, light gray 3D-style icon of an envelope in a box.

The screenshot shows the 'Identities' management page in Roundcube Webmail. On the left is a dark sidebar with icons for home, compose, mail, contacts, settings, help, and power. The main header has a back arrow, the title 'Identities', and 'Create' and 'Delete' buttons. Below the header, a single identity is listed: '<example@postbox.net.nz>'. A yellow callout box with a red arrow points to this identity, containing the text 'Select your identity' and a circled number '1'. The main content area is mostly empty, featuring a large, faint watermark of a white egg on a grey hexagonal base.

The screenshot shows the 'Identities' settings page in Roundcube Webmail. The page is titled 'Identities' and shows the settings for an identity named '<example@postbox.net.nz>'. The settings are organized into sections: 'Settings' and 'Signature'. The 'Settings' section includes fields for 'Display Name' (Example User), 'Email' (example@postbox.net.nz), 'Organization' (Postbox Net NZ), 'Reply-To', and 'Bcc'. There is also a 'Set default' toggle switch which is currently turned on. The 'Signature' section shows a text area containing a signature: 'regards', 'Example User', a dashed line, and 'A hilarious signature line here'. There is an image icon in the top left of the signature area. At the bottom of the page, there is a blue 'Save' button with a checkmark icon. The page has a dark sidebar on the left with icons for home, compose, mail, identities, and settings. The top right has 'Create' and 'Delete' buttons. Three yellow callout boxes with numbered circles (1, 2, 3) provide instructions: 1. 'Add your signature. Clicking the image lets you add images / pictures to your signature' points to the image icon in the signature area. 2. 'Click Save' points to the 'Save' button. 3. 'Click to return to the main settings' points to the 'identities' breadcrumb link.

The screenshot shows the 'Preferences' page in Roundcube Webmail. On the left is a sidebar with navigation icons and labels: 'User Interface', 'Mailbox View', 'Displaying Messages', 'Composing Messages' (highlighted), 'Contacts', 'Special Folders', and 'Server Settings'. Below these is a '1' in a circle and a yellow callout box containing the text 'Choose your signature options'. At the bottom of the sidebar is a '2' in a circle and a yellow callout box containing the text 'Click Save'. The main content area is titled 'Preferences' and contains several settings sections: 'Messages forwarding' (dropdown set to 'inline'), 'Default font of HTML message' (dropdowns for 'Verdana' and '12pt'), 'Default action of [Reply all] button' (dropdown set to 'reply to all'), 'Signature Options' (dropdown set to 'always', and three toggle switches: 'Place signature below the quoted message' (off), 'When replying remove original signature from message' (on), and 'Force standard separator in signatures' (on)), 'Spellcheck Options' (four toggle switches: 'Check spelling before sending a message' (off), 'Ignore words with symbols' (off), 'Ignore words with numbers' (off), and 'Ignore words with all letters capitalized' (off)), and 'Advanced options...' (partially visible). At the bottom right of the main content area is a blue 'Save' button with a checkmark icon.
